Family – Who else will be attending with the child mentioned above?

(at least one adult must accompany your child, but you are **most** welcome to attend as a whole family)

You are welcome to bring siblings of all ages, but please be aware children will need to be 6+ years to access many of the activities on the day.

To ensure we have enough 'buddies' available on the day please tick here if it would be helpful to have somebody accompany your family around the sites (each activity will be staffed, this is if it would be supportive to have help as you move from one activity to another). If you have an e-mail address, please share it with us, as that way we can contact you should there be any late changes or additional details before the day. We will not use it for any marketing purposes nor pass it on to anybody else, but it will help us keep our postage costs down.
